

Important Customer Message & \$2.50 Mail-In Rebate

Customer Message

AmeriGas is offering a \$2.50 rebate to all AmeriGas cylinder exchange customers.

Propane grill cylinders like this one, can hold 20 lbs of propane, but for safety reasons the standard exchange fill since at least 2002 has been about 17 pounds or approximately 4 gallons.

In August 2008, with the cost of propane rising sharply, AmeriGas was one of the propane providers who chose to reduce the amount of propane in its cylinders from 17 to 15 pounds in order to avoid further increases, at that time, in the cost per exchange for consumers.

We immediately changed our cylinder label to be sure consumers knew they were buying 15 pounds of propane.

Unfortunately, some consumers feel they were not sufficiently informed, and that's a serious concern to us. Because we want all of our customers to be satisfied with our products and services, we are offering a rebate of \$2.50 to all those who use our cylinder exchange.

In addition to the \$2.50 rebate, we are taking steps to make the change even more visible, including cylinder stickers, banners and information cards at every point of purchase, and information on our website (www.amerigas.com).

For more than 50 years AmeriGas has been a part of communities like yours. We're committed to being the most reliable, safest and most responsive propane supplier in every market we serve.
